Dear Mr. Mustermann,

Featuring the new keynote topics "BioServices", „Biotechnological Innovation in Food" and „Industrial Biotechnology" and with a clear orientation on four core areas biotechnology, laboratory equipment, services and technology transfer, BIOTECHNICA 2011 is continuing to sharpen its profile.

There will be a number of special displays at BIOTECHNICA 2011. Learn more in this edition of the newsletter. Read also who has already registered for BIOTECHNICA 2011.

Topics at a glance:

- ▶ [Biotechnological Innovation in Food](#)
- ▶ [Pharmatech meets Biotech](#)
- ▶ [German-Russian Forum](#)
- ▶ [EUROPEAN BIOTECHNICA AWARD](#)
- ▶ [Exhibitors of BIOTECHNICA 2011](#)

Sincerely,
 Your BIOTECHNICA Team

Biotechnological Innovation in Food

At the specialist symposium "Biotechnological Innovation in Food" discussion will concentrate on the applications of state-of-the-art biotechnology in food manufacturing and processing. The special display in hall 9 will focus on cutting-edge and molecular-biology processes in food analysis and on new developments in process technology.
