Your key to a successful trade show!

Advertisements on EBi printouts

Visitors stream to the on-site EBi info terminals in search of exhibitors, products and services. The vast majority of solution-seekers then takes this info along with them in printed form. This gives you a prime advertising opportunity and a great way to get your message across to DOMOTEX visitors! We're offering two prime advertising spaces (header and footer) to help you boost the profile of your brand and attract even more visitors to your stand.
