

WOOD FLOORING SUMMIT

DOMOTEX 2012

COME TO THE TOP MEETING-PLACE FOR
THE PARQUET/LAMINATE SECTOR!
14 - 17 JANUARY 2012

At DOMOTEX 2012, which runs from 14 to 17 January, the spotlight will be on wood parquet, laminates and other types of wood flooring. The "Wood Flooring Summit" is celebrating its premiere at next year's show. As the industry's leading trade fair, DOMOTEX serves as an ideal showcase for laminate and wood floorings, demonstrating to the international market just how diverse and attractive these products can be.

No other event boasts a comparably extensive range of offerings, or such a concentrated line-up of market-leading firms. The list of exhibitors reads like a Who's Who of the parquet and laminate flooring industry. But the Wood Flooring Summit offers you so much more besides.

Welcome to the show!

HIGHLIGHT OF DOMOTEX 2012: THE WOOD FLOORING SUMMIT !

WELL WORTH A VISIT

Get the complete picture

At the Wood Flooring Summit you'll find a complete range of market offerings in laminates, parquet floorings and other wood floorings, as well as decking for outdoor use. Exhibitors from all over the world will be presenting the latest trends, innovations and materials – so there is plenty here to delight and inspire.

Extend your network of contacts

You'll find the informal atmosphere very conducive to talking business with exhibiting firms from your sector, as well as with trade association officials, journalists and other professionals. And the spacious bistro area is the perfect place to linger and chat.

Broaden your professional horizons

You are invited to join in the debate at the WFS Forum, where you can talk shop with international colleagues and acknowledged industry experts. In short, this is a unique opportunity to share knowledge and acquire new know-how.

The Wood Flooring Summit in Hall 9 features a large exhibition area with individual stand presentations by participating exhibitors and a series of attractive information and event areas, making it an absolute must for decision-makers from the retail sector, the skilled trades and the contract flooring business.

INNOVATION – THE LATEST NEW PRODUCTS FROM THE INDUSTRY

The centrepiece of the Wood Flooring Summit is a special presentation area on the theme of "Innovation". Participating manufacturers of parquet, laminates and other wood-based floorings will be showcasing their latest new products here.

An independent committee of experts consisting of representatives from the skilled trades, architecture, trade associations, research establishments and the trade press has already made its selection of the best innovations ahead of the show. They rated the new products in terms of design, technology and surface finish.

The selected products will be put on display in Hall 9, providing an impressive demonstration of the industry's remarkable capacity for innovation. As a visitor you can get a concentrated overview here of what's available on the market, and then follow up by discussing your requirements in detail at the exhibitor stands that ring the presentation area.

BISTRO – WHEN YOU NEED A LITTLE BREAK

A little something to keep you going? The central Bistro area at the Wood Flooring Summit has just what you need. Here you can enjoy a selection of tasty snacks and drinks, along with relaxed conversation. Or just take time out from your busy day.

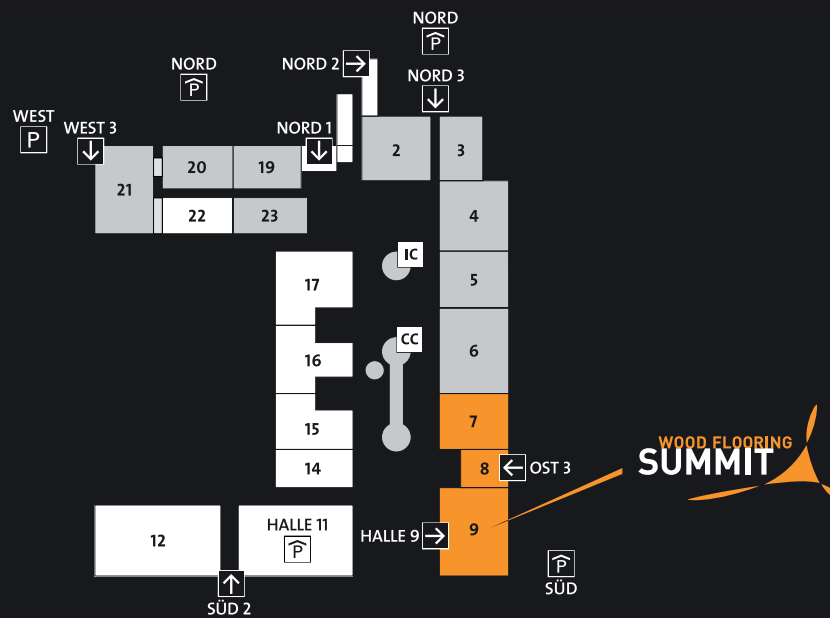

EVENING EVENT – TIME TO RELAX AND ENJOY THE COMPANY

An after-work party for the Wood Flooring Summit is taking place on the first night of the show, Saturday 14 January, starting at 6 p.m. It is hosted by the exhibitors in Hall 9 and Deutsche Messe, the organizer of DOMOTEX, who warmly invite you to come along to the central exhibition area at the Wood Flooring Summit. Meet up with your business associates and colleagues in an informal atmosphere and raise your glass to celebrate a successful first day of the show. You can look forward to a pleasant evening – and some great musical entertainment.

THE NEW SITE LAYOUT FOR DOMOTEX 2012

The clear arrangement of the various display categories makes it easy for visitors to find their way around. In Hall 7 you will find laying skills, cleaning and application technologies, while Halls 8 and 9 house the displays of wood and parquet flooring, laminated floor coverings and outdoor coverings.

Big demand for outdoor flooring solutions

Interest in flooring design is not confined to indoor spaces. The trend towards "outdoor living" is continuing to boost sales of decking and other outdoor flooring products.

This trend is fully reflected at DOMOTEX, and the show will feature a vast range of decking boards of different types, along with other outdoor flooring products for balconies, terraces and patios.
