23–27 April 2018 • Hannover • Germany

# Spotlight on retail logistics

## LOGISTICS SOLUTIONS FORUM

### Thursday, 26 April, Hall 21, Stand C46

Thursday 26 April at CeMAT is dedicated to the trade. This provides an excellent opportunity to find out about fully automated supply chain management and other dynamic trends that could impact on the market in future. At the same time you can find out how you can react to such trends in order to maintain your company's competitiveness in the future.

#### Retail (r)evolution: The next stage of automation in grocery retailing

10:00 am	<b>Robotics4Retail: Status quo, challenges and opportunities</b> Hilka Bergmann, Head of Research for Packaging and Distribution, EHI Retail Institute
10:30 am	<b>E-Commerce Insights: Online grocery retailing in Europe and Amazon's impact</b> Lisa Byfield-Green, Senior Retail Analyst, LZ Retailytics
11:00 am	<b>Innovative solutions for online grocery retailing</b> Rudolf Hansl, Executive Vice President, Director Food Retail Solutions, KNAPP Systemintegration GmbH
11:30 am	<b>Rising consumer expectations towards grocery retail goods: How digitization and AI are changing grocery-sector warehouse logistics</b> Markus Klug, Team Leader Data Science & Simulation SSI SCHÄFER

#### Robotics4Retail
