

Growth Opportunities for Industry 4.0 in Southeast Asia

An invitation to an **exclusive networking** session hosted by His Excellency Laurence Bay, Singapore's Ambassador to Germany

On behalf of the Singapore government, the Singapore Economic Development Board is pleased to invite you to an exclusive session at *Hannover Messe 2019*, to discuss the opportunities in Southeast Asia, and network with experts in the region.

Date: **Tuesday, 2 April 2019**
Time: **3:30 – 6:00pm**
Venue: **J. –F. Engelberger conference room (1st floor)
Deutsche Messe Technology Academy (Pavilion 36)**

Southeast Asia is poised to be the world's fourth largest economy by 2030, and also the world's fastest-growing Industry 4.0 market, at a CAGR of 23.7%.

What digital and Industry 4.0 strategies are companies employing in Southeast Asia? Who are the best partners to innovate with? How can Singapore help you to unlock this region's potential?

Highlights include:

- **Opening remarks by Singapore's Senior Minister of State for Trade and Industry**, Dr Koh Poh Koon
- A **panel discussion by global leaders in Industry 4.0**, who will share their strategies and perspectives on Southeast Asia.
- **Networking reception** with the distinguished guests, panellists, and entrepreneurs from the region

Registration is free!

As slots are limited, please indicate your interest **early** by signing up at bit.ly/EDB-HM2019. Successful registrants will receive a confirmation email with further details.
