PLATFORM FOR SCIENCE AND BUSINESS

WHAT IS BIOTECHNICA PARTNERING?

BIOTECHNICA PARTNERING is your platform for arranging one-to-one meetings with scientists, research institutes and companies of the biotech, pharma and financial sector.

EBD Group's partneringONE® system ensures that you can efficiently arrange to meet the right people for your specific collaboration aims, whatever scientific project or innovation you are working on.

Now is the time to find the partners you need to grow your project or business.

WHY YOU SHOULD PARTICIPATE

Universities and research institutes can:

- exchange ideas with other researchers
- turn technologies and products into marketable commodities
- search for research collaborators
- discover the latest technologies and adopt them in the lab

Biotech/Pharma companies can:

- acquire new customers
- generate new business leads
- find new products and technologies for licensing
- search for research collaborators
- refine ideas or brainstorm new projects

Great value for money – all with a minimum amount of effort and expense. Join BIOTECHNICA PARTNERING and take the opportunity to generate new business.

SEVEN STEPS TO SUCCESS AT BIOTECHNICA PARTNERING

1. Register now for **BIOTECHNICA PARTNERING** via www.biotechnica-partnering.com
2. Profile your company.
3. Search and request meetings.
4. Set your availability. Your meetings will only be scheduled when you want them.
5. Track responses.
6. Sit back and relax. **partneringONE®** will schedule your meetings based on your availability.
7. Check your agenda for updates at the partnering terminals on site and pick up a fresh printout to see when and where your meetings will take place.
