

CeBIT Security World

CeBIT

CeBIT Security World now in dedicated hall for even greater impact!

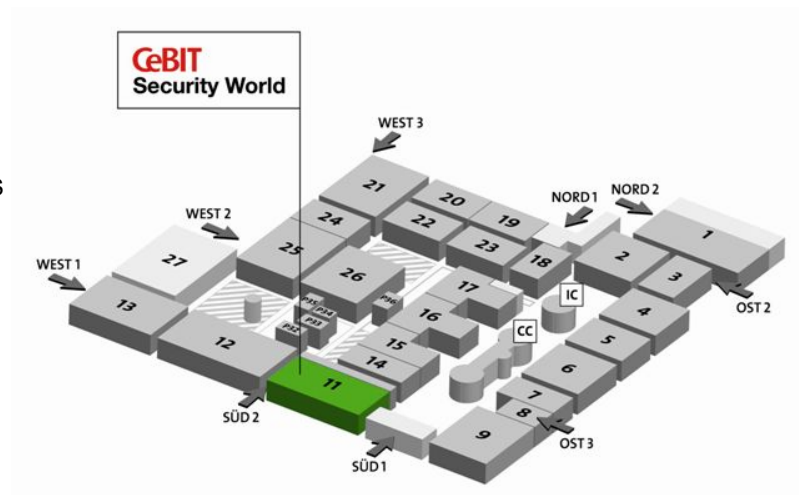

CeBIT Security World has established itself as one of the world's leading sources of IT security solutions and guidance. In 2009, CeBIT Security World will be grabbing more attention than ever thanks to its new, dedicated home in Hall 11. If it has anything to do with security, it will be in Hall 11: security software (e.g. anti-virus solutions), authentication tools (e.g. biometric solutions), card technologies, mobile security, network security, video monitoring solutions... It's all there, plus a fully functioning data center portraying the whole range of aspects relevant for day-to-day operational security.

Whether hardware or software, whether virtual or physical security — this is the ideal showcase for your security products and solutions!

With CeBIT Security World now in Hall 11, it is also in close proximity to sections such as Networking, promising even more valuable visitor cross-traffic.

Here is an overall look at the topics to be covered at CeBIT Security World in March of 2009:

- Anti-spam & anti-virus solutions
- Security tools & services
- Biometrics
- Card technology
- Data Centers
- Security software & hardware
- Mobile security
- Security and availability of computer centers
- Network security
- Video monitoring

Highlights

CeBIT Security World 2009 will once again feature two popular highlights:

Center for Information Security – CefIS

Featuring a comprehensive, attractive presentation of technology, software, services and trends from all areas of technical, physical and organizational security, CefIS is an absolute highlight at CeBIT Security World. A key CefIS attraction at CeBIT 2009 will be the perennial special display, “The Secure Data Centre”.

Don't miss out!

New services, a cogent package of offerings and benefits and a concentrated visitor promotion campaign are helping CeBIT cement its position as the leading event for the world ICT industry. CeBIT 2009 is sure to be a major highlight — and CeBIT Security World right along with it! Let your company stand out with its products and services at the world's No. 1 digital marketplace!
