“Deutsche Messe Selected Hotels”

Hotels carrying the “Deutsche Messe Selected Hotel” distinction offer room contingents at favorable rates during tradeshows. Use our hotel reservations portal www.hannover.de/hotels to check on room availability and book your accommodations directly, with no reservation fee.

Getting there by train

The Hannover Messe/Laatzen station is approximately 400 meters from the WEST 1 entrance to the showgrounds. You can reach the grounds on foot by walking over the covered Skywalk transport system or else take a shuttle bus. During running fairs many trains on Germany's north-south routes make special stops at the Hannover Messe/Laatzen station.

Getting there by car

Further information on parking permits can be found under "Tickets and lead management" on page 24.

Emission zone

Hannover is not simply an environmentally aware exhibition city, but also a city with an official "emission zone", created to lower the health risks associated with diesel exhaust particulates. The „emission zone“ includes large sections of the city encircling the city center. Only vehicles bearing the appropriate emission sticker are permitted to enter the emission zone. To find out more about obtaining one of these stickers, please consult the relevant trade-show website under "Visitor Service", then "Planning your trip".

Further information on the Hannover emission zone is available at www.tuev-nord.de (click the "English" button at the top of the homepage).

Getting there by plane

During trade fairs, major airlines serving the Hannover Airport offer additional non-stop flights (domestic and foreign). These special flights include day trips as well as multiple-day trips with accommodation. Recommend these air travel packages to your customers! You'll find the addresses for making reservations on the respective tradeshow website within the "Visitor Service" site area, under "Planning your trip".
