# Restaurants and catering at the Exhibition Center

Playing host to a discerning international clientele is a role we take very seriously. So when it comes to food and beverages, we have something for every taste and requirement, whether it's casual or fine dining, honest, hearty fare or creative cuisine. We have a diverse range of restaurants on-site at the Exhibition Center and offer an array of catering options for your exhibition stand.

## Restaurants

At the Hannover Exhibition Center you're spoiled for choice, with 27 on-site restaurants to choose from for lunch and dinner, business meals and functions. There's the Green Globe Diner, where you'll be pampered with food and beverages prepared exclusively from ecological ingredients. Or perhaps the Cosmopolitan. Perched 38 meters above ground level, it offers fine international cuisine and stunning views to match! Or if you'd like to party a little after a busy day at the fair, why not book a table for yourself and your customers at the Münchner Halle? This is a traditional Bavarian beer hall, offering authentic Bavarian fare and live music. It's also the largest restaurant at any tradeshow venue anywhere in the world.
