

On behalf of the Organising Committee we kindly invite you to

## **THE 11TH INTERNATIONAL SYMPOSIUM ON FIRE PROTECTION**

held from June 8 to 9, 2010, during the **Interschutz 2010** Trade Fair at Congress Centre Leipzig (CCL), Leipzig, Germany.

The symposium is entitled

**“New Developments in Fire Risk Assessment and Fire Prevention”.**

Major topics addressed are

- Risk analysis and proactive fire prevention in complex structures
- Sustainable construction and proactive fire prevention (e.g. the fire behaviour of "natural" building materials, fire hazards due to improved insulation materials etc.)
- Toxicity of fire products
- Evacuation
- Protective measures and equipment
- Fire modelling and simulation
- Fire detection and early warning systems
- Prognosis techniques for risk analysis and fire scenarios

Registration:

The registration fee is **300 €** for participants and covers symposium proceedings, lunches and refreshments and an evening reception at the first day of the symposium.

Speakers receive a discount of **100 €**, invited speakers can register for free. Students can register at a rate of **50 €** (with 40 € extra pay for the evening reception). Accompanying person's rate is **70 €** and covers free access to the Trade Fair and evening reception.

All registered participants get free access to the Interschutz Trade Fair at the days of the symposium.

Please fill in the registration form attached, sign it and send to the registration office by e-mail ([ISFP11@gmx.de](mailto:ISFP11@gmx.de)) or by **fax to +49 30 8104 1747**.

For accommodation and travel service see <http://www.interschutz.de/visitorservice> and follow the instructions given there. Early booking is strongly recommended.
