WIN

INDIA

17 - 20 December 2013, New Delhi, India
Pragati Maidan

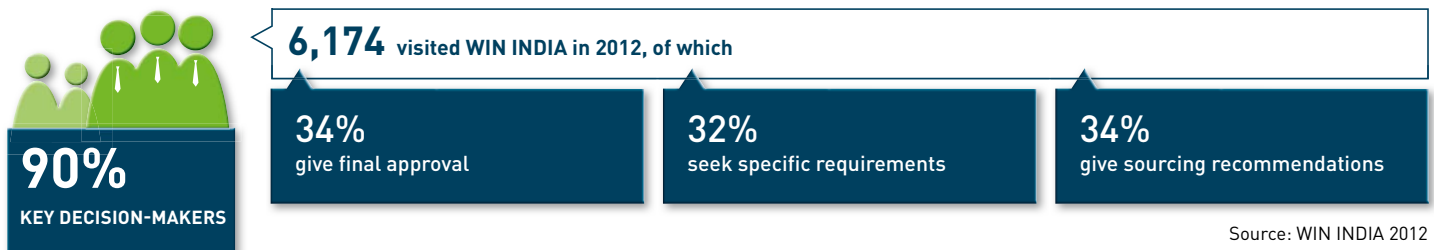

The **parts2Clean PAVILION** unites the pre-treatment and cleaning technologies under the banner of a strong brand. Participants benefit from the high media coverage and privileged location.

- **Benefit of the broad range of visitors of the Surface INDIA and meet your potential customers within the exhibitor groups of MDA INDIA, Industrial Automation INDIA, Laser INDIA and Industrial Supply INDIA**
- **Enjoy a turn-key booth experience with lounge facilities including host**
- **Reap the benefits of a specially flagged area within Surface Technology INDIA**
- **Benefit from the link to the parallel gathering of around 300 delegates at SSPC Conference for Surface Technology**

India's economy remains stable compared to other economies during the current economic times. As one of the major transit points for import and export you are right in the heart of India's economic trade. In Delhi you feel the connection to many industrial sectors like Automotive, Auto parts and Component, Electronic and Electrical Goods, Engineering Goods, Mining Industry, Pharmaceutical, Agro and Food Processing Industry. In addition to that our active visitor management will bring key decision-makers from all important regions within India to the capital. Pragati Maidan is centrally located in the city and easily accessible by metro.

- **Cleaning & pre-treatment of surfaces**
- **Electroplating technology units**
- **Paint & Coating systems**
- **Industrial plasma surface technology and laser surface technology**
- **Pollution control systems and supply systems for surface technology**
- **Other Systems & Services**

Meet influential decision-makers with definite investment plans
