Brief Overview of the C-IQ® Catalyst Tools

C-IQ Catalyst Tool	The focus is on giving insight to 'Individuals and peers' about how their communication impacts others. It gives rapid insight into how we interact with each other – what we say and do that produces Cortisol, that closes down conversations, and what we say and do that produces Oxytocin, opening up conversations for healthy engagements. Those who use this tool say it is invaluable!
TRUST Catalyst Tool	The focus is on the 'team.' This tool helps an organization see the levels of trust in their organization. It also enables teams to elevate trust within the team and in their partnerships as well as enabling individuals to learn how to inspire trust. It elevates Conversational Intelligence in all relationships. It gives rapid insight into how one can influence the level of trust in relationships, teams, and organizations.
CreatingWE DNA INDEX Catalyst Tool	The focus is on the 'organization,' especially as a 360 tool for growing leaders, teams, and organizations. This tool defines the key behaviors that drive success in companies. It is used as part of how to develop leaders, teams, and organizations and when used with the C.H.A.N.G.E.S. model creates a framework for major transformations.
