Return deadline	
12.03.2019	

sag-messe@spie.com Hall/Stand

All prices in EURO plus VAT at the statutory rate.

Orders must be received by the organizer in a complete and correct form within the deadline set for the respective event. SAG GmbH is under no obligation to provide services for orders that do not meet these requirements.

Orders for mains power connections, suspensions, truss and compressed air connections – in so far as SAG GmbH can still process such orders or changes to existing orders – will be subject – from 3 weeks prior to the event – to a surcharge by SAG GmbH of 25 %. Other articles/services will be subject – from 14 days prior to the event – to a surcharge of 25 % for services according to a fixed price and/or 50 % for services according to time expenditure.

The services ordered must be paid without delay on receipt of the invoice. The invoice may be issued <u>before</u> the start of assembly or dismantling. Payment must be received by not later than 3 days before handover.

A fee of 50 % of the rental charge per equipment item will be charged for cancellations at short notice (up to 24 h before the day of rental).

Cancellations can no longer be accepted after this time.

The rented equipment must be available on the stand ready for collection at the end of the rental period.

If the vehicle cannot be collected from the stand for reasons for which the exhibitor/stand construction company is to blame, the daily rental charge per equipment item will be payable.

Note for customers:

The conditions of SAG GmbH are expressly accepted on signing the contract and also apply to any subsequent rental of equipment or orders.

The orderer ensures that the equipment is used only by persons

- of at least 18 years old,
- in possession of a valid driving authorization,
- trained in the operation, setting up and function of working equipment.

The user himself is responsible for trickle charging the batteries of working platforms during the rental period. $\frac{1}{2} \int_{-\infty}^{\infty} \frac{1}{2} \left(\frac{1}{2} \int$

Please note that only working platforms offered by the ServicePartner SAG
GmbH are allowed to be used on the exhibition site!

With our authorized signature below, we acknowledge acceptance of all items of the General and Special Terms of Business of NürnbergMesse and the General Terms of Business and the Special Conditions for Services of the ServicePartner.

Working platforms / working equipment - description

for Item 1.1

Articulated work platform

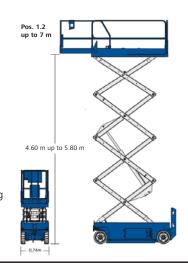

- all functions can be controlled from the platform
- electro-hydraulic drive
- working height approx. 11 m
- weight approx. 7,100 kg
- lateral radius at 5 m height approx. 7 m
- max. load 220 kg

for Item 1.2

Scissor work platform

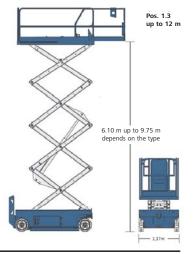

- all functions can be controlled from the platform
- electro-hydraulic drive
- slim design
- without supporting device
- working height approx. 7 m
- max. load capacity 227 kg
- platform size1.64 m x 0.76 m
- unloaded weight approx. 1,500 kg

for Item 1.3

Scissor work platform

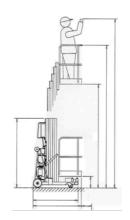

- all functions can be controlled from the platform
- electro-hydraulic drive
- without supporting device
- working height 10-12 m
- max. load capacity 318-450 kg
- platform size2.26 m x 1.16 m
- unloaded weight from 2,450 kg

for Item 2.1

Man lift

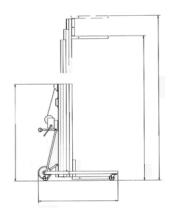

- 230 V/16 A drive
- max. load capacity 140 kg
- unloaded weight 300 kg
- working height approx. 9.40 m
- with supporting device

for Item 2.2

Load lift

- rated load 250 kg
- lifting height 6 m
- unloaded weight 140 kg
- with supporting device
