Place and date

Stamp/Legally binding signature

Preface The contractual partner of the purchaser is Fachausstellungen Heckmann GmbH.
Fachausstellungen Heckmann GmbH has contracted the service partner specified in the order form to assist with the fulfilment of the contractual obligations arising from this order.

General information You can hire standard trade show booths from the service partners of Fachausstellungen Heckmann GmbH. Please note that you can only order a booth for the entire floor area you have rented for your stand. Provided your order is received in time, your booth will be ready by midday on the day before the trade show opens. (Earlier provision on request)

Technical details Supplemental modules or units can be added to the basic booth system as required. Our service partner will be happy to provide details of the technical descriptions of the basic booths and the supplemental modules. We reserve the right to make minor technical changes to the stand. Colours may vary slightly. Please also note that reinforcements may have to be added to the final design to ensure the complete structural safety and stability of the stand.

All technical connections to the supply and sewer networks must be ordered with the appropriate order forms.

Liability The standard booths including all fittings and furnishings must not be painted, altered or damaged in any way; this includes the use of adhesives, self-adhesive films, nails or screws. The exhibitor is liable for loss and any damage to the rented items, regardless of how the damage or loss was incurred. We recommend taking out a trade show insurance policy to cover all rented items. The recommended policy value is four times the rental price.

Contract You can order a standard booth simply by completing the order form and returning it to us to arrive before the last date submission noted on the order form. All orders are binding.

Cancellation If you submit an order and then cancel it, Fachausstellungen Heckmann GmbH is - in the event that Fachausstellungen Heckmann GmbH allows such a withdrawal as an exception - entitled to charge a cancellation fee.
Orders must be cancelled in writing in a letter addressed to Fachausstellungen Heckmann GmbH, with a copy to the service partner named in the order form. The cancellation fee charged depends on the date that this letter is received by Fachausstellungen Heckmann GmbH and the service partner and also on the total value of the order:

- 3 weeks before the start of the trade show	10% of the total order value
- 2 weeks before the start of the trade show	25% of the total order value
- 1 weeks before the start of the trade show	50% of the total order value

If the client can prove that the loss incurred by Fachausstellungen Heckmann GmbH or the service partner was nil or significantly lower than the cancellation fee then the client shall be charged only the lower fee.
